

COVID-19 Vaccine Boosters

Updated May 2, 2022

Who can get the booster shot?

1st Booster

Ages ≥ 12

2nd Booster

- Ages ≥ 50
- Ages ≥ 12 with MSI*
- Received 2 dose of J&J (1 primary +1 booster)

When can I get the booster shot?

	1st Booster	2nd Booster
Primary Series	Pfizer/Moderna	J&J
Most people	5 months after the final dose in the primary series	2 months after the primary dose
People with MSI*	3 months after the final dose in the primary series	2 months after the additional dose
		4 months after the 1st booster

* **MSI**: Moderately to severely immunocompromised.

* CDC recommends a booster of either **Pfizer/Moderna**.

* The 2nd boosters **can only** be Pfizer/Moderna (Age 12 -17, **only** Pfizer).
